

Plastimark®

Onda 28 L

Practical, every day

THE ADVANTAGES OF HAND BASKETS

RFID

No interference with RFID-enabled devices.

TOTALLY RECYCLABLE

It can also be produced from recycled materials.

UV PROTECTION

Product with anti-UV and anti-fade performance.

Basket Onda

FUNCTIONAL

LIGHT

SUSTAINABLE

COMFORTABLE

Structure and shapes designed for practical and intuitive use, facilitating grip and handling during daily use, without interfering with movement.

RESISTANT

Built to withstand high loads, it guarantees strength and durability even with heavy daily use.

CUSTOMISABLE

It allows customisation of colour and logo, becoming a visual communication tool, an effective channel for promotion and branding.

COMPACT

Small dimensions that optimise space, making it easy to put away. Ideal for small shops, providing order, practicality and efficient management.

TWO CARRY MODES

It can be carried either by hand or arm, allowing for balanced weight distribution. The structure keeps the basket stable and the handle does not bend during use.

HANDY

Balanced design that makes it feel lightweight and comfortable even during prolonged use.

CUSTOMISATION

COLOUR COMBINATION

Customisable in any colour at the customer's request, with a minimum order quantity.

YOUR LOGO

Logo insertion available with sticker, for brand visibility.

CLEAN

All products can have added antibacterial for extra safety.

ECO-COMPOUND

Also available in Plastimark's different Eco-Compounds to reduce environmental impact and contribute to a sustainable future.
